Category of Change: Level of Monthly Benefits

Proposed Provision: B7.10. Replace the current-law WEP with a new calculation for most OASI and DI benefits based on covered and non-covered earnings, phased in for beneficiaries becoming newly eligible in 2031 through 2040. For this new approach, compute a PIA based on all past earnings (covered and non-covered), and multiply by the "non-covered earnings ratio." This ratio is equal to the current-law concept of the average indexed monthly earnings computed without non-covered earnings divided by a modified average indexed monthly earnings that includes both covered and non-covered earnings in agency records.
