

*Gloria M. Reeves, MD*

*Associate Professor/Vice Chair of Research Services*

*University of Maryland School of Medicine*

Gloria Reeves is a Child and Adolescent Psychiatrist and Associate Professor at the University of Maryland School of Medicine. Dr. Reeves' clinical expertise is in antipsychotic treatment of children and mental health interventions for youth and young adults with emerging psychotic illness. She conducts "family-centered" research, which involves collaboration with parents and community stakeholders to improve child mental health services.

She serves as Vice Chair of Research Services for the Department of Psychiatry at University of Maryland School of Medicine.
