Social Security Administration

Privacy Act of 1974; Report of New Routine Use and Minor Revisions

AGENCY: Social Security Administration (SSA), Department of Health and Human Services.

ACTION: New routine use and minor revisions.

SUMMARY: In accordance with the Privacy Act (5 U.S.C. 552a(e)(11)), we are issuing public notice of our intent to establish a new routine use of information maintained in the system of records entitled "Black Lung Payment System, HHS/SSA/OSR, 09-60-0045." The proposed routine use will permit us to disclose information, as necessary, when utilizing a State worker's compensation (WC) agency or private WC carrier (or agents on their behalf) for the purpose of the efficient administration of the Black Lung (BL) benefits program. We invite public comments on this publication.

DATES: The proposed routine use will become effective as proposed without further notice on April 24, 1987, unless we receive comments on or before that date which would result in a contrary determination.

ADDRESSES: Interested individuals may comment on this proposal by writing to the SSA Privacy Officer, Room L1140 West Low Rise Building, 6401 Security Boulevard, Baltimore, Maryland 21235. All comments received will be available for public inspection at that address.

FOR FURTHER INFORMATION CONTACT: Ms. Joan Burgess, Chief, Disability Systems Branch, Office of Claims and Payment Requirements, Social Security Administration, 6401 Security Boulevard, Baltimore, Maryland 21235, telephone (Area code 301) 594-8818.

SUPPLEMENTARY INFORMATION:

I. Purpose and Background of the Proposed Routine Use

The Black Lung Payment System (BLPS) contains information pertaining to claims for BL benefits payable under provisions of the Black Lung Benefits Act (BLBA) which SSA is responsible for administering. This information is used primarily to determine the individual's eligibility for, and the amount of, BL benefits. In the administration of the BLBA, we find that it is not always administratively feasible or cost effective to do certain operations "in-house." In such instances, we may use the services of State WC agencies or private WC carriers (or agents on their behalf) pursuant to an agreement to assist in performing various agency functions.

The purpose of this publication is to announce our plans to establish a routine use which would permit us to disclose information to State WC agencies or private WC carriers (or agents on their behalf), as necessary, to assist in accomplishing agency functions relating to the BL program. For example, we may employ a WC agency or carrier to perform a matching operation which will compare identifying information in the WC agency or carrier records with identifying information in the BLPS for the purpose of determining an individual's eligibility for, or amount of, BL benefits. To perform this operation, it would be necessary to provide the WC agency or carrier a minimum of the beneficiary's name and Social Security number.

The proposed routine use provides for the following disclosure:

Information may be disclosed to State WC agencies or private WC carriers (or agents on their behalf) for the purpose of the efficient administration of the BL program. We contemplate disclosing information under this routine use only in situations in which SSA enters into a signed agreement with a State WC agency or private WC carrier to assist in accomplishing an agency function relating to the Black Lung Payment System.

II. Compatibility of the Proposed Routine Use

The Privacy Act (5 U.S.C. 552a(a)(7) and 5 U.S.C. 552a(b)(3)) and our disclosure regulation (20 CFR Part 401) both permit us to disclose information under a routine use for purposes which are compatible with the purpose for which we collect the information. Section 401.310 of the regulation permits us to disclose information under a routine use for the purpose of administering our programs or administering similar income-maintenance or health-maintenance programs of other agencies. We will disclose information under the proposed routine use only as necessary to assist in administering the BL benefits program. Thus, the routine use is appropriate and consistent with the criteria in the Privacy Act and the regulation.

III. Effect of the Proposed Routine Use on Individual Rights

A minimum amount of information will be disclosed to State WC agencies or private WC carriers under the proposed routine use, as necessary, to determine an individual's eligibility for, or amount of, BL benefits.

The information we will obtain will assist us in paying the correct amount of BL benefits to individuals who are entitled to the payments. Further, agreements with WC agencies or carriers will explain and delineate Privacy Act requirements and the agencies' or carriers' responsibilities with respect to information they receive from SSA. Consequently, we do not anticipate that disclosure under the proposed routine use would result in any unwarranted adverse effect on the rights of individuals.

IV. Minor Revisions to the Federal Register Notice of the BLPS

Since a notice of the BLPS last was published in the Federal Register at 51 FR 6040, February, 1986, we have made the following minor revisions to the notice:

(1) After initially using the term "Black Lung benefits" in the "Categories of individuals covered by the system" section of the notice, we have inserted "BL benefits" in that and subsequent sections of the notice where reference was made to "Black Lung benefits"; and

(2) We have added language to the "Notification procedure" section of the notice which specifies the documentation an individual must furnish to establish identity when requesting notification of, or access to, his/her records.

Dated: March 3, 1987.

Dorcas R. Hardy,
Commissioner of Social Security.
